#### FORWARD AIR CORPORATION REPORTS THIRD QUARTER 2018 RESULTS

Reports record quarterly revenue and cash flow from operations

Reports record year-to-date financial results, including revenue, operating income, net income, EPS, EBITDA, cash flow from operations and free cash flow

Announces 20% dividend increase

GREENEVILLE, Tenn.- (BUSINESS WIRE) - October 24, 2018 - Forward Air Corporation (NASDAQ:FWRD) today reported financial results for the three and nine months ended September 30, 2018.

Revenue for the quarter ended September 30, 2018 increased 11.1% to \$331.4 million from \$298.3 million for the same quarter in 2017. Income from operations was \$29.9 million compared to \$27.2 million in the prior year quarter. Net income during the quarter was \$22.3 million compared to \$18.3 million in the third quarter of 2017. Net income per diluted share for the third quarter of 2018 was \$0.76 compared to \$0.61 in the prior year quarter.

Revenue for the nine months ended September 30, 2018 increased 14.2% to \$964.3 million from \$844.2 million for the same period in 2017. Income from operations was \$87.0 million compared to \$80.9 million in the prior year. Net income during the period was \$64.4 million compared to \$52.6 million in the same period of 2017. Net income per diluted share was \$2.18 for the nine months ended September 30, 2018 compared to \$1.73 in the same period of 2017.

For the three and nine months ended September 30, 2018, the Company generated \$46.9 million and \$113.8 million of cash flow from operations, respectively, compared to \$25.7 million and \$77.7 million for the same periods in 2017.

Earnings before interest, taxes, depreciation and amortization ("EBITDA") was \$40.2 million in the third quarter of 2018 compared to \$37.5 million in the same period of 2017. EBITDA increased to \$118.3 million for the nine months ended September 30, 2018 from \$111.5 million for the same period in 2017. Free cash flow was \$31.3 million in the third quarter of 2018 compared to \$16.9 million in the prior year quarter. Free cash flow was \$85.5 million in the nine months ended September 30, 2018 compared to \$65.6 million in the same period of 2017. EBITDA and free cash flow are non-GAAP financial measures and reconciliations of these non-GAAP financial measures are provided in the attached financial tables.

Tom Schmitt, President and CEO, commenting on third quarter results said, "Our strong third quarter growth fueled our year-to-date record results. Consolidated revenues grew 11.1% driven by solid revenue management across the portfolio. Consolidated operating income grew 9.9% amid a tight truckload market that drove higher purchased transportation costs for all of our business units. Intermodal generated record quarterly results, as the team capitalized on the benefits of increased volumes and recent acquisitions."

Commenting on Intermodal's continued growth, Mr. Schmitt said, "We are pleased to announce the signing of a definitive agreement to acquire substantially all of the assets of Southwest Freight Distributors ("Southwest") for \$16.25 million. Southwest is a Dallas, Texas based premium drayage provider. We expect the transaction will close within a month, and we anticipate Southwest will contribute \$20.0 million of revenue and \$3.0 million of EBITDA on an annualized basis."

In closing, Mr. Schmitt said, "I would like to thank Bruce Campbell for the fantastic transition and for developing such an outstanding group of teammates. Together we will make profitable growth a remarkable reality."

Commenting on the Company's third quarter results, Michael J. Morris, Senior Vice President and CFO, said, "While our business units continued to generate good growth, our third quarter earnings per share fell short of our \$0.77-\$0.81 guidance range, driven by \$1.4 million of unexpected non-cash charges related to existing vehicular claims."

Regarding the Company's fourth quarter guidance, Mr. Morris said, "We expect fourth quarter year-on-year revenue growth to be 11% to 15%. This revenue outlook contemplates our 2018 implementation of ASC 606, Revenue from Contracts with Customers, which now requires that we report fuel surcharge revenue on a gross basis. As such, our growth outlook reflects a comparison to our fourth quarter 2017 revenue which reported fuel surcharge on a net basis. After adjusting the prior year period to reflect fuel surcharge revenue on a gross basis, we expect our year-on-year revenue growth to be 4% to 8%."

Continuing, Mr. Morris said, "We expect net income per diluted share to be between \$0.81 and \$0.85 in the fourth quarter of 2018 compared to \$1.16 in the fourth quarter of 2017 as adjusted following the implementation of ASC 606. Prior period earnings per share would have been \$0.63 when excluding a \$0.53 benefit related to the fourth quarter 2017 enactment of the Tax Cuts and Jobs Act ("TCJA")."

On October 22, 2018, our Board of Directors approved a 20% increase to the Company's quarterly dividend, raising it from \$0.15 to \$0.18 per share of common stock. The dividend is payable to shareholders of record at the close of business on November 23, 2018 and is expected to be paid on December 7, 2018.

This quarterly dividend is made pursuant to a cash dividend policy approved by the Board of Directors, which anticipates a total annual dividend of \$0.63 per share of common stock for 2018 and \$0.72 for the full year 2019, payable in quarterly increments of \$0.18 per share of common stock. The actual declaration of future cash dividends, and the establishment of record and payment dates, is subject to final determination by the Board of Directors each quarter after its review of the Company's financial performance.

Commenting on the increased dividend payment, Mr. Morris said, "This increase reflects our confidence in the growth potential of our businesses, and the Company's continued focus on returning a portion of its free cash flow back to shareholders. In the past five years, we have returned approximately \$274 million to shareholders in the form of dividends and share repurchases."

#### Forward Air Corporation Reconciliation of U.S. GAAP and Non-GAAP Financial Measures

The Company reports its financial results in accordance with GAAP (also referred to herein as "reported"). However, the Company also uses "non-GAAP financial measures" that are derived on the basis of methodologies other than in accordance with GAAP. Specifically, the Company believes that meaningful analysis of its financial performance in 2018 and 2017 requires an understanding of the factors underlying that performance, including an understanding of items that are non-operational. Management uses these non-GAAP financial measures in making financial, operating, compensation and planning decisions and in evaluating the Company's performance.

This press release contains the following non-GAAP financial measures: earnings before interest, taxes, depreciation and amortization ("EBITDA") for the three and nine months ended September 30, 2018 and 2017 on a consolidated basis; and free cash flow for the three and nine months ended September 30, 2018 and 2017. The Company believes that including these items will assist investors in understanding its core operating performance and allow for more accurate comparisons of results.

The Company believes that EBITDA improves comparability from period to period by removing the impact of its capital structure (interest and financing expenses), asset base (depreciation and amortization), tax impacts and other adjustments as set out in the attached tables that management has determined are not reflective of normalized operating activities. The Company believes that free cash flow is an important measure of its ability to repay maturing debt or fund other uses of capital that it believes will enhance stockholder value.

Non-GAAP financial measures should be viewed in addition to, and not as an alternative for, the Company's reported results prepared in accordance with GAAP. Non-GAAP financial information does not represent a comprehensive basis of accounting. As required by the Securities and Exchange Act of 1933 and the rules and regulations promulgated thereunder, the tables below present, for the periods indicated, a reconciliation of the Company's presented non-GAAP financial measures to the most directly comparable GAAP financial measures.

This press release contains "forward-looking statements" within the meaning of the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements can be identified by words such as: "anticipate," "intend," "plan," "goal," "seek," "believe," "project," "estimate," "expect," "strategy," "future," "likely," "may," "should," "will" and similar references to future periods. Forward-looking statements included in this press release relate to expected fourth quarter 2018 revenue growth (including the anticipated impact of ASC 606), net income per diluted shares, full year 2018 projected tax rate, fully diluted share count (before consideration of future share repurchase), projected capital expenditures as well as the potential acquisition and projected financial performance of Southwest Freight Distributors, the future declaration of dividends and the full year 2018 and 2019 anticipated dividends per share.

Forward-looking statements are neither historical facts nor assurances of future performance. Instead, they are based only on our current beliefs, expectations and assumptions regarding the future of our business, future plans and strategies, projections, anticipated events and trends, the economy and other future conditions. Because forward looking statements relate to the future, they are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict and many of which are outside of our control. Our actual results and financial condition may differ materially from those indicated in the forwardlooking statements. Therefore, you should not rely on any of these forward-looking statements. The following is a list of factors, among others, that could cause actual results to differ materially from those contemplated by the forward-looking statements: economic factors such as recessions, inflation, higher interest rates and downturns in customer business cycles, the creditworthiness of our customers and their ability to pay for services rendered, the availability and compensation of qualified independent owner-operators and freight handlers as well as contracted, third-party carriers needed to serve our customers' transportation needs, the inability of our information systems to handle an increased volume of freight moving through our network, changes in fuel prices, our inability to maintain our historical growth rate because of a decreased volume of freight or decreased average revenue per pound of freight moving through our network, loss of a major customer, increasing competition and pricing pressure, our ability to secure terminal facilities in desirable locations at reasonable rates, our inability to successfully integrate acquisitions, claims for property damage, personal injuries or workers' compensation, enforcement of and changes in governmental regulations, environmental and tax matters, insurance matters, the handling of hazardous materials and the risks described in our Annual Report on Form 10-K for the year ended December 31, 2017 and quarterly reports on Form 10-Q filed thereafter.

Any forward-looking statement made by us in this press release is based only on information currently available to us and speaks only as of the date on which it is made. We undertake no obligation to publicly update any forward-looking statement, whether written or oral, that may be made from time to time, whether as a result of new information, future developments or otherwise.
