**NEWS RELEASE****Forward Air Provides Mid-Quarter Update on Second Quarter 2022 Performance**

GREENEVILLE, Tenn., June 8, 2022 - Forward Air Corporation (NASDAQ: FWRD) (the "Company", "Forward", "we", "our", or "us"), today provided the following key Expedited Freight Operating Statistics for the quarter-to-date period through May 2022. Revenue per shipment increased 40.7%, weight per shipment increased 15.4% and pounds per day increased 0.4% over the same period last year.

Tom Schmitt, Chairman, President, and Chief Executive Officer of Forward, commented, "We remain focused on the selection of higher-quality freight in our network. Second quarter of the prior year was the peak period for unpalletized, loose freight. We cleansed our network of inefficient freight to ensure that we keep our commitment to customers for their most sensitive freight, to the point where we now have the same tonnage as last year at much higher-quality levels. We continue to add higher-quality tonnage, which, based on our performance through May, gives me the confidence that we will exceed the top end of our Q2 net income per diluted share guidance of \$1.59 to \$1.63."

The Company's expectations regarding the Company's performance in the Second Quarter and in any future quarter are based on information available at the time of this release, and are subject to changing conditions, many of which are outside of the Company's control.
