Business Overview

We are a leading asset-light freight provider of transportation services, including less-than-truckload (LTL), truckload and intermodal drayage services and freight brokerage and supply chain services across North America, Europe, and Asia. We offer premium services that typically require precision execution, such as expedited transit, delivery during tight time windows and special handling. We utilize an asset-light strategy to minimize our investments in equipment and facilities and to reduce our capital expenditures.

Our services are classified into three reportable segments: Expedited Freight, Intermodal and Omni Logistics.

Our Expedited Freight segment provides expedited regional, inter-regional and national LTL services. Expedited Freight also offers customers local pick-up and delivery and other services including truckload, shipment consolidation and deconsolidation, warehousing, customs brokerage and other handling. We plan to grow our LTL geographic footprint through greenfield start-ups as well as through acquisitions.

Our Intermodal segment provides first- and last-mile high value intermodal container drayage services both to and from seaports and railheads. Intermodal also offers dedicated contract and container freight station (CFS) warehouse and handling services, and in select locations, linehaul and local LTL services. We plan to grow our Intermodal geographic footprint through acquisitions as well as through greenfield start-ups where no suitable acquisition is available.

Our Omni Logistics segment provides a full suite of global logistics services. Services include air and ocean freight consolidation and forwarding, customs brokerage, warehousing and distribution, time-definite transportation services and other supply chain solutions.

Omni Acquisition

On January 25, 2024 (the “Closing Date”), we acquired Omni, Management Holdings and Omni’s direct and indirect subsidiaries through a series of transactions involving our direct and indirect subsidiaries, for a combination of (a) \$100 million in cash (which includes transaction costs of approximately \$80 million), (b) the Common Equity Consideration (as defined below) representing 5,135,008 shares of the Common Stock on an as-exchanged basis and (c) Convertible Preferred Equity Consideration (as defined below) representing an additional 8,880,010 shares of Common Stock on an as-converted and as-exchanged basis. The “Common Equity Consideration” consists of (i) Common Stock, (ii) units of Clue Opco LLC, a newly formed subsidiary of ours (“Opco”), designated as “Class B Units” (“Opco Class B Units”) and corresponding fractional units of our preferred stock designated as “Series B Preferred Stock” (“Company Series B Preferred Stock”), each representing one one-thousandth of a share of Company Series B Preferred Stock (“Company Series B Preferred Units”) which, together, are exchangeable into Common Stock and (iii) Management Holdings Class B Units (as defined below), which are exchangeable into Opco Class B Units, and corresponding Company Series B Preferred Units. The “Convertible Preferred Equity Consideration” consists of (i) fractional units of our convertible preferred stock designated as “Series C Preferred Stock” (“Company Series C Preferred Stock”) each representing one one-thousandth of a share of Company Series C Preferred Stock (“Company Series C Preferred Units”) that converted into Common Stock upon receipt of the Conversion Approval, (ii) Opco Series C-2 Preferred Units that converted into Opco Class B Units and corresponding Company Series B Preferred Units upon receipt of the Conversion Approval and are exchangeable into Common Stock and (iii) the Management Holdings Series C-2 Units that converted into Management Holdings Class B Units and corresponding Company Series B Preferred Units upon receipt of the Conversion Approval and are exchangeable into Opco Class B Units and corresponding Company Series B Preferred Units.

Omni, founded in 2000 and headquartered in Dallas, Texas, is an asset-light, high-touch logistics and supply chain management company with deep customer relationships in high-growth end markets. Omni delivers domestic and international freight forwarding, fulfillment services, customs brokerage, distribution, and value-added services for time-sensitive freight to United States-based customers operating both domestically and internationally. Omni provides business-to-business solutions to prominent United States-based customers across a variety of attractive end markets, including the technology, retail, media, logistics, life sciences and e-commerce sectors, many of which have had long-term relationships with Omni.

Prior to the completion of the Omni Acquisition, we completed a restructuring, pursuant to which, among other things, we contributed all of our operating assets to Opco. Opco has been structured as an umbrella partnership C corporation through which the Omni Holders hold (i) a portion of the Common Equity Consideration in the form of Opco Class B Units and corresponding Company Series B Preferred Units and (ii) a portion of the Convertible Preferred Equity Consideration in the form of units of Opco designated as “Series C-2 Preferred Units” (“Opco Series C-2 Preferred Units”). Effective as of the Closing Date, we operate our business through Opco, which indirectly holds all of our and Omni’s assets and operations. Opco is governed by an amended and restated limited liability company agreement of Opco that became effective at the Closing Date (the “Opco LLCA”).

In connection with the Omni Acquisition, Management Holdings became a member of Opco and is structured as the vehicle where certain employees or former employees of Omni or its direct or indirect subsidiaries received their portion of the equity consideration provided in the Omni Acquisition. Through ownership of Management Holdings units, certain employees or former employees of Omni or its direct or indirect subsidiaries indirectly hold units of Opco. Omni Management Holders hold (i) a portion of the Common Equity Consideration in the form of units of Management Holdings designated as “Class B Units” which have the same rights and preferences as the Opco Class B Units (“Management Holdings Class B Units”) and corresponding Company Series B Preferred Units and (ii) a portion of the Convertible Preferred Equity Consideration in the form of units of Management Holdings designated as “Series C-2 Units” which have the same rights and preferences as the Opco Series C-2 Preferred Units (“Management Holdings Series C-2 Units”). Effective as of the Closing Date, we serve as the manager of Management Holdings, which is governed by an amended and restated limited liability company agreement of Management Holdings that became effective at the Closing Date (the “Management Holdings LLCA”).

You should carefully consider the information set forth under "Risk Factors" and elsewhere in this prospectus, as well as the information set forth under "Risk Factors" in our Annual Report on Form 10-K, which is incorporated by reference into this prospectus.

DIVIDEND POLICY

We have previously paid quarterly cash dividends on our Common Stock. However, beginning with the quarter ended March 31, 2024, we have suspended the payment of quarterly dividends on our Common Stock in order to execute on de-risking our capital structure. Any future determination related to our dividend policy will be made at the discretion of our board of directors (the “Board”) after considering our financial condition, results of operations, capital requirements, business prospects and other factors our Board deems relevant, and subject to the restrictions contained in any future financing instruments. In addition, our current credit facility restricts the payment of dividends.

RISK FACTORS

An investment in shares of our Common Stock involves risks and uncertainties. In addition to the other information included in this prospectus or incorporated by reference herein, you should consider carefully the factors set forth below and in the section entitled “Risk Factors” in our 2023 Form 10-K incorporated by reference herein before making an investment decision to purchase shares of our common stock. See “Where You Can Find More Information” and “Incorporation by Reference.” We seek to identify, manage and mitigate risks to our business, but risks and uncertainties are difficult to predict, and many are outside of our control and therefore cannot be eliminated. You should be aware that it is not possible to predict or identify all of these factors and that the following is not meant to be a complete discussion of all potential risks or uncertainties. If known or unknown risks or uncertainties materialize, our business, results of operations or financial condition could be adversely affected, potentially in a material way, which could result in a partial or complete loss of your investment.

Risks Related to This Offering and Ownership of Our Common Stock

The stock price of our Common Stock may fluctuate significantly, and you could lose all or part of your investment in our Common Stock as a result.

We cannot predict the prices at which shares of our Common Stock may trade. The market price of shares of our Common Stock may be highly volatile and fluctuate significantly due to a number of factors, some of which may be beyond our control, including:

- our quarterly or annual earnings or those of our competitors;
- variations in our quarterly dividends, if any, to shareholders;
- actual or anticipated fluctuations in our operating results or those of our competitors;
- publication of research reports about us, our competitors or our industry, changes in, or failure to meet, estimates made by securities analysts or ratings agencies of our financial and operating performance or lack of research reports by industry analysts or ceasing of analyst coverage;
- additions or departures of key management personnel;
- strategic actions or announcements by us or our competitors;
- adverse market reaction to any indebtedness we may incur or securities we may issue in the future;
- changes in accounting standards, policies, guidelines, interpretations or principles;
- changes to the regulatory and legal environment in which we operate;
- litigation or governmental investigations initiated against us;
- reputational issues, including reputational issues involving our competitors and their products and our third-party partners;
- actions by institutional shareholders;
- outcome of pending or future litigation;
- any ineffectiveness of our internal controls;
- announcements made or actions taken by us;
- overall market fluctuations and domestic and worldwide economic and political conditions; and
- other factors described in this “Risk Factors” section and section entitled “Risk Factors” in our 2023 Form 10-K incorporated by reference herein.

Stock markets in general have experienced volatility that has often been unrelated to the operating performance of a particular company. These broad market fluctuations may adversely affect the trading price of our Common Stock. If any of the foregoing events occur, it could cause our stock price to fall and may expose us to lawsuits, including securities class action litigation, that, even if unsuccessful, could result in substantial costs and divert our management’s attention and resources. You should consider an investment in shares of our Common Stock to be risky, and you should invest in shares of our Common Stock only if you can withstand a significant loss and wide fluctuations in the market value of your investment.

None of the proceeds from the sale of shares of our Common Stock by the selling shareholders will be available to us to fund our operations.

We will not issue any new shares of our Common Stock and will not receive any proceeds from the sale of shares of our Common Stock by the selling shareholders. The selling shareholders will receive all proceeds from the sale of the shares. Consequently, none of the proceeds from the sales of shares by the selling shareholders will be available to us to fund our operations, capital expenditures, compensation plans or acquisition opportunities. See “Use of Proceeds.”

We cannot guarantee the payment of dividends on our Common Stock, or the timing or amount of any such dividends.

We have previously paid quarterly cash dividends on our Common Stock. However, beginning with the quarter ended March 31, 2024, we have suspended the payment of quarterly dividends on our Common Stock in order to execute on de-risking our capital structure. The payment of any dividends in the future to our shareholders, and the timing and amount thereof, will fall within the discretion of our Board. Our Board’s decisions regarding the payment of dividends will depend on many factors, such as our financial condition, earnings, capital requirements, debt service obligations, restrictive covenants in the agreements governing our indebtedness, general economic business conditions, industry practice, legal requirements and other factors that our Board may deem relevant. Our ability to pay dividends will depend on our ongoing ability to generate cash from operations and on our access to the capital markets.

Future sales of Common Stock may cause the market price of our Common Stock to drop significantly.

Given the substantial number of shares of Common Stock being registered for potential resale by selling shareholders pursuant to this prospectus, the sale of shares by the selling shareholders, or the perception in the market that the selling shareholders of a large number of shares intend to sell shares, could increase the volatility of the market price of our Common Stock or result in a significant decline in the public trading price of our Common Stock. Such sales may also result in material dilution to our existing shareholders, and new investors could gain rights, preferences, and privileges senior to existing holders of our Common Stock.

Following the announcement of the Omni Acquisition, the price of our Common Stock decreased significantly. Continued downward pressure on our stock price may increase the risk of shareholder litigation and shareholder activism, which could divert management’s attention and resources.

Following the announcement of the Omni Acquisition, the market price of our Common Stock decreased substantially and is currently trading at significantly lower levels than prior to the announcement of the Omni Acquisition. As a consequence of this decrease, investors may, under the fear of suffering greater losses, be more inclined to sell their shares of the Company’s Common Stock more quickly and at greater discounts than otherwise would be the case in the absence of a sudden and significant decline in the stock price. Plaintiffs have, in the past, initiated securities class action litigation against a company following periods of volatility in the market price of its securities.

On September 26, 2023, Rodney Bell, Michael A. Roberts and Theresa Woods, three of our shareholders, filed a complaint (the “Shareholder Complaint”) against us and certain of our directors and officers in the Third District Chancery Court sitting in Greeneville, Tennessee. The Shareholder Complaint alleges, among other things, that our shareholders have the right to vote on certain transactions contemplated by the Merger Agreement and sought an injunction against the consummation of the transaction until a shareholder vote was held. The court initially granted a temporary restraining order enjoining the transactions contemplated by the Merger Agreement but later dissolved it on October 25, 2023. Thereafter, on January 25, 2024, the parties to the Merger Agreement completed the Omni Acquisition. On May 15, 2024, Plaintiff Michael Roberts, together with the Cambria County Employees Retirement System filed an amended class action complaint seeking damages, among other forms of relief. The proposed amended complaint, like the earlier complaints, challenges our determination not to subject the Omni Acquisition to a stockholder vote. The Defendants disagree with the allegations of the proposed amended complaint and will defend the matter if and when an amended complaint is filed.

We may in the future be the target of additional litigation. Securities and derivative litigation, even without merit, defending against these claims could result in substantial costs and liabilities and divert management’s attention and resources.

In addition, the recent volatility in our Common Stock has increased the risk of shareholder activism. For example, ClearBridge Investments, LLC publicly released a letter sent to our former Chairman and CEO and Lead Independent Director on August 18, 2023, with the purpose of urging the Board to reconsider the merger. Such shareholder activism, like securities litigation, could result in substantial costs and could divert management’s attention and resources.

The selling shareholders will receive all proceeds from the sale of the shares of Common Stock offered by this prospectus and any accompanying prospectus supplement. The following table sets forth, as of the date of this prospectus, the names of the selling shareholders, the aggregate number of shares of Common Stock held by each selling shareholders immediately prior to the sale of the shares of Common Stock in this offering, the number of shares of our Common Stock that may be sold by each selling shareholder under this prospectus and the number of shares of Common Stock that each selling shareholder will beneficially own after this offering.

We cannot advise you as to whether the selling shareholders will in fact sell any or all of such shares of Common Stock. PLAN OF DISTRIBUTION

We are registering the possible resale by the selling shareholders of up to 14,015,018 shares of Common Stock.

We will not receive any of the proceeds from the sale of the securities by the selling shareholders. The aggregate proceeds to the selling shareholders will be the purchase price of the securities less any discounts and commissions borne by the selling shareholders.

The selling shareholders will pay any underwriting discounts and commissions and expenses incurred by the selling shareholders for brokerage, accounting, tax or legal services or any other expenses incurred by the selling shareholders in disposing of the securities. We will bear all other costs, fees and expenses incurred in effecting the registration of the securities covered by this prospectus, including, without limitation, all registration and filing fees, Nasdaq listing fees and fees and expenses of our counsel and our independent registered public accountants.

The securities beneficially owned by the selling shareholders covered by this prospectus may be offered and sold from time to time by the selling shareholders. The term "selling shareholders" includes donees, pledgees, transferees or other successors in interest selling securities received after the date of this prospectus from a selling shareholder as a gift, pledge, partnership distribution or other transfer. The selling shareholders will act independently of us in making decisions with respect to the timing, manner and size of each sale. Such sales may be made on one or more exchanges or in the over-the-counter market or otherwise, at prices and under terms then prevailing or at prices related to the then current market price or in negotiated transactions. Each selling shareholder reserves the right to accept and, together with its respective agents, to reject, any proposed purchase of securities to be made directly or through agents. The selling shareholders and any of their permitted transferees may sell their securities offered by this prospectus on any stock exchange, market or trading facility on which the securities are traded or in private transactions. If underwriters are used in the sale, such underwriters will acquire the shares for their own account. These sales may be at a fixed price or varying prices, which may be changed, or at market prices prevailing at the time of sale, at prices relating to prevailing market prices or at negotiated prices. The securities may be offered to the public through underwriting syndicates represented by managing underwriters or by underwriters without a syndicate. The obligations of the underwriters to purchase the securities will be subject to certain conditions. The underwriters will be obligated to purchase all the securities offered if any of the securities are purchased.

Subject to the limitations set forth in any applicable registration rights agreement, the selling shareholders may use any one or more of the following methods when selling the securities offered by this prospectus:

- purchases by a broker-dealer as principal and resale by such broker-dealer for its own account pursuant to this prospectus;
 - ordinary brokerage transactions and transactions in which the broker solicits purchasers;
 - block trades in which the broker-dealer so engaged will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction;
 - an over-the-counter distribution in accordance with the rules of Nasdaq;
 - through trading plans entered into by a selling shareholder pursuant to Rule 10b5-1 under the Exchange Act that are in place at the time of an offering pursuant to this prospectus and any applicable prospectus supplement hereto that provide for periodic sales of their securities on the basis of parameters described in such trading plans;
 - through one or more underwritten offerings on a firm commitment or best efforts basis;
 - settlement of short sales entered into after the date of this prospectus;
 - agreements with broker-dealers to sell a specified number of the securities at a stipulated price per share;
 - in "at the market" offerings, as defined in Rule 415 under the Securities Act, at negotiated prices, at prices prevailing at the time of sale or at prices related to such prevailing market prices, including sales made directly on a national securities exchange or sales made through a market maker other than on an exchange or other similar offerings through sales agents;
 - directly to purchasers, including through a specific bidding, auction or other process or in privately negotiated transactions;
 - through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;
-

- through the distributions by any selling shareholder or its affiliates to its partners, members or stockholders
- through a combination of any of the above methods of sale; or
- any other method permitted pursuant to applicable law.

In addition, a selling shareholder that is an entity may elect to make a pro rata in-kind distribution of securities to its members, partners or stockholders pursuant to the registration statement of which this prospectus is a part by delivering a prospectus with a plan of distribution. Such members, partners or stockholders would thereby receive freely tradeable securities pursuant to the distribution through a registration statement. To the extent a distributee is an affiliate of ours (or to the extent otherwise required by law), we may file a prospectus supplement in order to permit the distributees to use the prospectus to resell the securities acquired in the distribution.

There can be no assurance that the selling shareholders will sell all or any of the securities offered by this prospectus. In addition, the selling shareholders may also sell securities under Rule 144 under the Securities Act, if available, or in other transactions exempt from registration, rather than under this prospectus. The selling shareholders have the sole and absolute discretion not to accept any purchase offer or make any sale of securities if they deem the purchase price to be unsatisfactory at any particular time.

The selling shareholders also may transfer the securities in other circumstances, in which case the transferees, pledgees or other successors-in-interest will be the selling beneficial owners for purposes of this prospectus. Upon being notified by a selling shareholder that a donee, pledgee, transferee, other successor-in-interest intends to sell our securities, we will, to the extent required, promptly file a supplement to this prospectus to name specifically such person as a selling shareholder.

With respect to a particular offering of the securities held by the selling shareholders, to the extent required, an accompanying prospectus supplement or, if appropriate, a post-effective amendment to the registration statement of which this prospectus is part, will be prepared and will set forth the following information:

- the specific securities to be offered and sold;
- the names of the selling shareholders;
- the respective purchase prices and public offering prices, the proceeds to be received from the sale, if any, and other material terms of the offering;
- settlement of short sales entered into after the date of this prospectus;
- the names of any participating agents, broker-dealers or underwriters; and
- any applicable commissions, discounts, concessions and other items constituting compensation from the selling shareholders.

In connection with distributions of the securities or otherwise, the selling shareholders may enter into hedging transactions with broker-dealers or other financial institutions. In connection with such transactions, broker-dealers or other financial institutions may engage in short sales of the securities in the course of hedging the positions they assume with selling shareholders. The selling shareholders may also sell the securities short and redeliver the securities to close out such short positions. The selling shareholders may also enter into option or other transactions with broker-dealers or other financial institutions which require the delivery to such broker-dealer or other financial institution of securities offered by this prospectus, which securities such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction). The selling shareholders may also pledge securities to a broker-dealer or other financial institution, and, upon a default, such broker-dealer or other financial institution, may effect sales of the pledged securities pursuant to this prospectus (as supplemented or amended to reflect such transaction).

In order to facilitate the offering of the securities, any underwriters or agents, as the case may be, involved in the offering of such securities may engage in transactions that stabilize, maintain or otherwise affect the price of our securities. Specifically, the underwriters or agents, as the case may be, may over-allot in connection with the offering, creating a short position in our securities for their own account. In addition, to cover overallocments or to stabilize the price of our securities, the underwriters or agents, as the case may be, may bid for, and purchase, such securities in the open market. Finally, in any offering of securities through a syndicate of underwriters, the underwriting syndicate may reclaim selling concessions allotted to an underwriter or a broker-dealer for distributing such securities in the offering if the syndicate repurchases previously distributed securities in transactions to cover syndicate short positions, in stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the securities above independent market levels. The underwriters or agents, as the case may be, are not required to engage in these activities, and may end any of these activities at any time.

The selling shareholders may solicit offers to purchase the securities directly from, and it may sell such securities directly to, institutional investors or others. In this case, no underwriters or agents would be involved. The terms of any of those sales, including the terms of any bidding or auction process, if utilized, will be described in the applicable prospectus supplement.

It is possible that one or more underwriters may make a market in our securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. We cannot give any assurance as to the liquidity of the trading market for our securities. Our shares of Common Stock are currently listed on Nasdaq under the symbol "FWRD".

The selling shareholders may authorize underwriters, broker-dealers or agents to solicit offers by certain purchasers to purchase the securities at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. The contracts will be subject only to those conditions set forth in the prospectus supplement, and the prospectus supplement will set forth any commissions we or the selling shareholders pay for solicitation of these contracts.

A selling shareholder may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third party may use securities pledged by any selling shareholders or borrowed from any selling shareholders or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from any selling shareholder in settlement of those derivatives to close out any related open borrowings of stock. The third party in such sale transactions will be an underwriter and will be identified in the applicable prospectus supplement (or a post-effective amendment). In addition, any selling shareholder may otherwise loan or pledge securities to a financial institution or other third party that in turn may sell the securities short using this prospectus. Such financial institution or other third party may transfer its economic short position to investors in our securities or in connection with a concurrent offering of other securities.

In effecting sales, broker-dealers or agents engaged by the selling shareholders may arrange for other broker-dealers to participate. Broker-dealers or agents may receive commissions, discounts or concessions from the selling shareholders in amounts to be negotiated immediately prior to the sale.

In compliance with the guidelines of the Financial Industry Regulatory Authority ("FINRA"), the aggregate maximum discount, commission, fees or other items constituting underwriting compensation to be received by any FINRA member or independent broker-dealer will not exceed 8% of the gross proceeds of any offering pursuant to this prospectus and any applicable prospectus supplement.

If at the time of any offering made under this prospectus a member of FINRA participating in the offering has a "conflict of interest" as defined in FINRA Rule 5121, that offering will be conducted in accordance with the relevant provisions of FINRA Rule 5121.

To our knowledge, there are currently no plans, arrangements or understandings between the selling shareholders and any broker-dealer or agent regarding the sale of the securities by the selling shareholders. Upon our notification by a selling shareholder that any material arrangement has been entered into with an underwriter or broker-dealer for the sale of securities through a block trade, special offering, exchange distribution, secondary distribution or a purchase by an underwriter or broker-dealer, we will file, if required by applicable law or regulation, a supplement to this prospectus pursuant to Rule 424(b) under the Securities Act disclosing certain material information relating to such underwriter or broker-dealer and such offering.

Underwriters, broker-dealers or agents may facilitate the marketing of an offering online directly or through one of their affiliates. In those cases, prospective investors may view offering terms and a prospectus online and, depending upon the particular underwriter, broker-dealer or agent, place orders online or through their financial advisors.

In offering the securities covered by this prospectus, the selling shareholders and any underwriters, broker-dealers or agents who execute sales for the selling shareholders may be deemed to be "underwriters" within the meaning of the Securities Act in connection with such sales. Any discounts, commissions, concessions or profit they earn on any resale of those securities may be underwriting discounts and commissions under the Securities Act.

The underwriters, broker-dealers and agents may engage in transactions with us or the selling shareholders, or perform services for us or the selling shareholders, in the ordinary course of business.

In order to comply with the securities laws of certain states, if applicable, the securities must be sold in such jurisdictions only through registered or licensed brokers or dealers. In addition, in certain states the securities may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

The selling shareholders and any other persons participating in the sale or distribution of the securities will be subject to applicable provisions of the Securities Act and the Exchange Act, and the rules and regulations thereunder, including, without limitation, Regulation M. These provisions may restrict certain activities of, and limit the timing of purchases and sales of any of the securities by, the selling shareholders or any other person, which limitations may affect the marketability of the shares of the securities.

We will make copies of this prospectus available to the selling shareholders for the purpose of satisfying the prospectus delivery requirements of the Securities Act. The selling shareholders may indemnify any agent, broker-dealer or underwriter that participates in transactions involving the sale of the securities against certain liabilities, including liabilities arising under the Securities Act.

We have agreed to indemnify the selling shareholders against certain liabilities, including certain liabilities under the Securities Act, the Exchange Act or other federal or state law. Agents, broker-dealers and underwriters may be entitled to indemnification by us and the selling shareholders against certain civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments which the agents, broker-dealers or underwriters may be required to make in respect thereof.

Item 14. Indemnification of Directors and Officers.

The Tennessee Business Corporation Act authorizes corporations to limit or eliminate the personal liability of directors to companies and their shareholders for monetary damages for breaches of directors' fiduciary duties, under certain circumstances and subject to certain exceptions. Our Restated Charter ("Restated Charter"), which is included or incorporated by reference as an exhibit to our Annual Report on Form 10-K includes a provision that eliminates the personal liability of directors for monetary damages to us or our shareholders for any breach of fiduciary duty as a director, except to the extent such exemption from liability or limitation thereof is not permitted under the Tennessee Business Corporation Act. Our Restated Charter provides that we shall have the power to indemnify any director, officer, employee, agent or any other person who is serving at our request in that capacity for another entity to the fullest extent permitted by Tennessee law. Our Amended and Restated Bylaws ("Amended and Restated Bylaws"), which is included or incorporated by reference as an exhibit to our Annual Report on Form 10-K generally provide that we shall indemnify and pay or reimburse certain expenses, to our directors and officers and any person that served as a director, officer or employee of any other enterprise at our request, to the fullest extent permitted by law. We also are authorized to carry insurance to protect us and any director, officer and employee, to the fullest extent permitted by law.

The Tennessee Business Corporation Act provides that a corporation may indemnify any of its directors and officers against liability incurred in connection with a proceeding if: (a) such person acted in good faith; (b) in the case of conduct in an official capacity with the corporation, the person reasonably believed such conduct was in the corporation's best interests; (c) in all other cases, the person reasonably believed that the person's conduct was at least not opposed to the best interests of the corporation; and (d) in connection with any criminal proceeding, such person had no reasonable cause to believe the person's conduct was unlawful.

In actions brought by or in the right of the corporation, however, the Tennessee Business Corporation Act provides that no indemnification may be made if the director or officer was adjudged to be liable to the corporation. The Tennessee Business Corporation Act also provides that in connection with any proceeding charging improper personal benefit to an officer or director, no indemnification may be made if such officer or director is adjudged liable on the basis that such personal benefit was improperly received.

Item 15. Recent Sales of Unregistered Securities.

During the three years preceding the filing of this registration statement, we have granted or issued the following securities which were not registered under the Securities Act. Such securities were issued pursuant to the exemption from registration contained in Section 4(a)(2) of the Securities Act.

Omni Acquisition

In connection with the Omni Acquisition, we acquired Omni, Management Holdings and Omni's direct and indirect subsidiaries for a combination of (a) \$100 million in cash (which includes transaction costs of approximately \$80 million) and (b) (i) the Common Equity Consideration and (ii) the Convertible Preferred Equity Consideration. Such securities were issued pursuant to the exemption from registration contained in Section 4(a)(2) of the Securities Act.

Prior to the consummation of the transactions in connection with the Omni Acquisition, we completed a restructuring, pursuant to which, among other things, we contributed all of its operating assets to Opco. Opco has been structured as an umbrella partnership C corporation through which Omni Holders, as of the Closing Date, hold a portion of the Common Equity Consideration and Convertible Preferred Equity Consideration in the form of Opco units that are now exchangeable for Common Stock as described below.

In connection with the Omni Acquisition, Management Holdings became a member of Opco and is structured as the vehicle where certain employees or former employees of Omni or its direct or indirect subsidiaries received their portion of the equity consideration provided in the Omni Acquisition. Omni Management Holders, as of the Closing Date, hold a portion of the Common Equity Consideration and Preferred Equity Consideration in the form of units in Management Holdings that are now exchangeable into Opco Class B Units (and thereafter will be exchangeable into Common Stock) as described below.

The portion of the transaction consideration that is Common Equity Consideration and paid: (x) to the Omni Holders consists of (i) shares of Common Stock and (ii) Opco Class B Units and corresponding Company Series B Preferred Units that will be exchangeable at the option of the holders thereof into shares of Common Stock pursuant to the Opco LLC and (y) to the Omni Management Holders consists of Management Holdings Class B Units and corresponding Company Series B Preferred Units, with such Management Holdings Class B Units being exchangeable at the option of the holders thereof into shares of Opco Class B Units pursuant to the Management Holdings LLC and, subsequently, together with the corresponding number of Company Series B Preferred Units exchangeable into shares of Common Stock pursuant to the Opco LLC.

The portion of the transaction consideration that is Convertible Preferred Equity Consideration and paid: (x) to the Omni Holders consists of (i) Company Series C Preferred Units that automatically converted into shares of Common Stock upon receipt of Conversion Approval and (ii) Opco Series C-2 Preferred Units that are economically equivalent to the Company Series C Preferred Units and which automatically converted into Opco Class B Units and corresponding Company Series B Preferred Units upon receipt of Conversion Approval pursuant to the Opco LLC and (y) to the Omni Management Holders consists of Management Holdings Series C-2 Units that are economically equivalent to the Company Series C Preferred Units and which automatically converted into Management Holdings Class B Units and corresponding Company Series B Preferred Units upon receipt of Conversion Approval pursuant to the Management Holdings LLC, with such Management Holdings Class B Units being exchangeable at the option of the holders thereof into shares of Opco Class B Units pursuant to the Management Holdings LLC and, subsequently, together with the corresponding number of Company Series B Preferred Units exchangeable into shares of Common Stock pursuant to the Opco LLC. The Convertible Preferred Equity Consideration had an aggregate liquidation preference of \$976,801,100 at the Closing Date (based on a liquidation preference per unit of \$110.00 at the Closing Date) and represents an additional 8,880,010 shares of Common Stock on an as-converted and as-exchanged basis.

Such securities were issued pursuant to the exemption from registration contained in Section 4(a)(2) of the Securities Act.

Senior Secured Notes

In order to finance a portion of the cash consideration payable for the Omni Acquisition and the costs and expenses incurred in connection therewith, on October 2, 2023, GN Bondco, LLC, a Delaware limited liability company and wholly owned subsidiary of Omni (the “Escrow Issuer” and consolidated variable interest entity of ours at December 31, 2023) closed its private offering of \$725,000,000 aggregate principal amount of its 9.5% senior secured notes due 2031 (the “Notes”), in a transaction exempt from registration under the Securities Act. Upon the closing of the Omni Acquisition, Opco assumed the Escrow Issuer’s obligations under the Notes.

The issuance of the foregoing securities was made pursuant to the exemption from registration contained in Section 4(a)(2) of the Securities Act.

Item 17. Undertakings.

The undersigned registrant hereby undertakes:

1. To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement: (i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933; (ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement (notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement); and (iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.
 2. That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
 3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
 4. That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of securities, in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser: (i) any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424; (ii) any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant; (iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and (iv) any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
 5. That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.
 6. That, prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the registrant undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other items of the applicable form.
 7. That every prospectus (i) that is filed pursuant to the immediately preceding paragraph, or (ii) that purports to meet the requirements of Section 10(a)(3) of the Securities Act and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment has become effective, and that for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
 8. To respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11 or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first-class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.
-

9. To supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of, and included in, this registration statement when it became effective.

 10. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers, and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer, or controlling person of the registrant in the successful defense of any action, suit, or proceeding) is asserted by such director, officer, or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
